Contract Administrator: Lakshmi Radhakrishnan

Contract Number: GS-35F-270GA

Period Covered by Contract: March 3, 2017 – March 2, 2022

Business Size: 8a; Woman-Owned Small Business

CUSTOMER INFORMATION

- 1a. Table of awarded the special item number with appropriate cross-reference to item descriptions and awarded price.
Special Item No.132-51 Information Technology Professional Services
- 1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.
Application Designer: \$42.64
- 1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.
Skill category descriptions begin on page 8
2. Maximum order. *\$500,000*
3. Minimum order. *\$100*
4. Geographic coverage (delivery area). *48 contiguous states, the District of Columbia, Alaska, Hawaii, and Puerto Rico*
5. Point of production (city, county, and State or foreign country).
*172 Prospect Place
Alpharetta, GA 30005
Phone: (404) 937-3377 Fax: (855) 856-7318*
6. Discount from list prices or statement of net price. *3% - 25.7%*
7. Quantity discounts. *3% > \$500,000*
8. Prompt payment terms. *1% Net 20*
- 9a. Government purchase cards are accepted at or below the micro-purchase threshold.
- 9b. Government purchase cards are accepted above the micro-purchase threshold.
10. Foreign items (list items by country of origin). *None*
- 11a. Time of delivery. (Contractor inserts number of days.)
As agreed upon between IDRIL Services Corporation and the Ordering Activity

- 11b. Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price lists that have expedited delivery.
As agreed upon between IDRIL Services Corporation and the Ordering Activity
- 11c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery.
As agreed upon between IDRIL Services Corporation and the Ordering Activity
- 11d. Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery.
As agreed upon between IDRIL Services Corporation and the Ordering Activity
12. F.O.B. point(s). Destination
- 13a. Ordering address.
*172 Prospect Place
Alpharetta, GA 30005
Phone: (404) 937-3377 Fax: (855) 856-7318*
- 13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3. For supplies and services, the ordering procedures, and information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.
14. Payment address.
*172 Prospect Place

- 24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found at www.definitive-results.com, if applicable. The EIT standards can be found at: www.Section508.gov/.
- 25. Data Universal Number System (DUNS) number: 078548838
- 26. Notification regarding registration in SAM.gov (formerly the Central Contractor Registration) database. *Expires August, 10, 2017*

TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51)

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued

under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
 - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-
- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
 - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

In accordance with FAR 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS (MAR 2009) (DEVIATION I - FEB 2007) for Firm-Fixed Price orders and FAR 52.212-4 CONTRACT TERMS AND CONDITIONS –COMMERCIAL ITEMS (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to Time-and-Materials and Labor-Hour Contracts orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

9. INDEPENDENT CONTRACTOR

All IT Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the

Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or

(ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

- b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT Professional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007)

applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008)

(DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time- and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—

(1) The offeror;

(2) Subcontractors; and/or

(3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING

Commercial Labor Category	Minimum/ General Experience and Years of Experience	Functional Responsibility	Educational Requirements
Application Designer	2 years of experience providing general consulting services including, but not limited to, business analysis, process improvement, systems analysis and process redesign.	Supports COTS systems analysis, testing, and training. Uses industry recognized methods to deliver work products in analysis, design, system testing, implementation or support and maintenance in a system lifecycle. Assists with analysis of business needs and processes for configuration or programming within COTS applications, gathers and organizes data to configure COTS standard reports, analyzes data to identify trends and patterns and investigates issues, produces clear reports of results, process definitions and workflow diagrams, performs systems analysis or testing, creates or maintains databases, develops and implements plans. Develops training strategies, training plans, training manuals/guides, and performs training for end users of COTS applications.	Bachelor's degree in Computer Science, Information Systems, Engineering, Business, or other scientific or technical discipline.
Application Developer I	3 years of information technology experience. Experience designing, developing, and configuring technical solutions.	Under close supervision, maintains and/or modifies non-routine facility hardware and/or software as required to ensure system availability and functionality. May supervise the activities of software and hardware maintenance personnel. Ensures systems backup is scheduled and accomplished for major systems in accordance with that schedule.	Bachelor's degree in Computer Science, Information Systems, Engineering, Business, or other scientific or technical discipline.
Application Developer II	4 years of information technology experience. Experience designing, developing, and configuring technical solutions.	Under general supervision, assesses non-routine problems and investigates, develops, appraises, selecting, and presents solutions. Exercises independent judgment in the performance of duties, which	Bachelor's degree in an associated discipline and a minimum of three years of related experience or an equivalent combination of education and training that

		require an interdisciplinary approach using principles of Economics, Engineering, Computer Science, Life-Cycle Analysis, and Human Behavior.	provides the required knowledge, skills, and abilities.
Application Developer III	6 years of information technology experience. Experience designing, developing, and configuring technical solutions.	Under limited supervision, assesses non-routine problems and investigates, develops, appraises, selecting, and presents solutions. Exercises independent judgment in the performance of duties, which require an interdisciplinary approach using principles of economics, engineering, computer science, life-cycle analysis, and human behavior. Bachelors Degree in an associated discipline and a minimum of five years of related experience or an equivalent combination of education and training that provides the required knowledge, skills, and abilities.	Bachelor's degree in an associated discipline and a minimum of three years of related experience or an equivalent combination of education and training that provides the required knowledge, skills, and abilities.
Business Analyst I	3 years of professional experience in a related field	Acts as the liaison between business units and IT departments; Completes business cases in support of projects; Participates in or facilitates business process modeling and research efforts. Understands information flows and process architecture necessary for implementation of information technology business solutions. Defines business processes and business requirements related to enable information technology solutions.	Bachelor's Degree or higher in a related major
Business Analyst II	5 years of professional experience in a related field	Acts as the liaison between business units and IT departments; Completes business cases in support of projects; Participates in or facilitates business process modeling and research efforts. Identifies and documents functional	Bachelor's Degree or higher in a related major

Commercial Labor Category	Minimum/ General Experience and Years of Experience	Functional Responsibility	Educational Requirements
		<p>requirements for business architecture design with use cases and other techniques. Documents an organization's current business process flows and recommends improvements for implementation through an information technology solution.</p>	
<p>Database Administrator</p>	<p>6 years of technical experience in database system development, database integration, and database management across multiple database platforms.</p>	<p>Responsible for all activities related to the administration, planning, and development of computerized data bases. Additionally, will be responsible for the formulation and/or implementation of policies and procedures pertaining to data base management, security maintenance, and utilization. Exercising independent judgment, consults with and advises data base users relative to procedures, technical problems, priorities, and methodologies. Establishes procedures for operations of the data base and data base management system and ensures compliance. Collects data elements and prepares data base specifications. Develops, maintains, and controls the data dictionary. Consults with programmers and users to develop test data to exercise the data base and user-applications software. Responsible for the logical and physical data base design. Develops and maintains control programs for accessing data bases. Maintains, refines/enhances the data base and modifies logical relationships, as necessary. Develops standards and implements procedures for testing the back-up and recovery procedures of automated systems and security and privacy of automated systems. Monitor data base performance statistics and recommends improvements. Performs performance tuning. Prepares reports as</p>	<p>Bachelor's degree in Computer Science, Information Systems, Engineering, Math, Business or other related scientific or technical discipline.</p>

Commercial Labor Category	Minimum/ General Experience and Years of Experience	Functional Responsibility	Educational Requirements
		required. May lead task forces on special projects. Performs other related duties as assigned.	
Network Engineer	3 Years	Provides a full range of network systems engineering support services, including but not limited to analyzing and optimizing network architecture and performance, installing and configuring bridges, routers, hubs, gateways and other network devices for optimal performance and supporting connectivity to other networks and facilities.	Bachelor's Degree or technical discipline is required.
ORACLE – Subject Matter Expert I	3years experience working with relative application.	Provide on-site and remote guidance on basic implementation, migration, administration, integration and customization issues, which cannot be resolved through the use of normal Oracle Metalink Support channels. Ability to use one of the following OPA modules: Oracle Clinical (OC), Thesaurus Management System (TMS), Remote Data Capture (RDC), Adverse Events Reporting System (AERS), Argus, Siebel Clinical, LSH, Oracle Process Manufacturing (OPM), and Oracle Healthcare Transition Base (HTB). Provide specific assistance with application functionality, work in customer implementation teams, train internal customer resources, and provide high-level documentation. Minimum Education:	Bachelor’s Degree in Computer Science, Information Systems, Engineering, Mathematics, Business, or other related technical discipline.
ORACLE – Subject Matter Expert II	5 years experience working with relative application which applies to the Oracle Pharmaceutical Applications (OPA), Oracle Life Sciences (OLS) or Oracle Applications E-Business Suite ERP and CRM	Advise customers of strategic direction, best practices and most efficient uses of the Oracle Applications. Provide on-site and remote guidance on complex implementation, migration, administration, integration and customization issues, which cannot be resolved through the use of normal Oracle Metalink Support channels.	Bachelor’s Degree in Computer Science, Information Systems, Engineering, Mathematics, Business, or other related technical discipline.
